The screenshot shows a dialog box titled "Our Identity Provider" with the CNKI logo and "中国知识基础设施工程" (China Knowledge Infrastructure Engineering). The text reads: "关于身份认证与隐私的声明" (Statement on Identity Authentication and Privacy). Below this, a quote says: "“本认证仅向第三方平台提供所必须的学工号、身份（教师、学生）信息。”" (This authentication only provides necessary student ID numbers and identity (teacher, student) information to third-party platforms). At the bottom, there are two buttons: "拒绝" (Reject) and "我同意此使用条款" (I agree to these terms of use), with the latter being highlighted by a red box. A "提交" (Submit) button is also visible next to the agreement checkbox.

5.在弹出的对话框中选择发布信息的时长，点击“接受”，即可成功访问数据库。

This screenshot shows a more detailed version of the consent dialog box. It includes the CNKI logo and the text "您将要访问此服务：中国知网 of Tongfang Knowledge Network". Below this, it says "Technology" and "此服务的描述信息：https://fssso.cnki.net". A blue box titled "提供给服务的信息" (Information provided to the service) contains a table with "Scoped affiliation" and "faculty@bnu.edu.cn". Below the table, it asks: "以上信息会被共享给您操作的服务。您是否同意每次访问此服务时都共享这些信息?" (The above information will be shared with the services you operate. Do you agree to share this information every time you access this service?). There are three radio button options for the duration of information sharing: "下次登录时再次提示" (Prompt again at next login), "当提供给此服务的信息变化时再次提示我" (Prompt me again when the information provided to this service changes), and "不要再提示我" (Do not prompt me again). The second option is selected. Below the options, it says: "此设置可以在登陆页面中勾选上复选框来取消" (This setting can be canceled by checking the checkbox on the login page). At the bottom, there are two buttons: "拒绝" (Reject) and "接受" (Accept), with the latter being highlighted by a red box.
